*If you're looking for an exciting, simple, and effective way
to lend a helping hand to those in need
this holiday season...*

Look no further than Box of Love!

It's Simple...and it's FREE!

Canning Hunger provides you with everything you need to conduct a successful campaign including:

- custom boxes printed on both sides with snap-lock bottoms and self-locking tops that have handles and require no taping
- color brochures
- coordinator's kit with reproducible masters
- reproducible posters
- instruction envelopes
- menus
- instruction cards
- encouragement note cards

We deliver everything to you and your organization. Follow our simple instructions for filling the box and then bring them back on a designated day of the week. Canning Hunger will be there with a smile to pick the boxes up and get them to the families that need them the most.

It really is that easy. And best of all... everything is FREE!

Your generosity will help us serve over 50,000 families...
nearly 400,000 people who need someone to care.

Dear Friend,

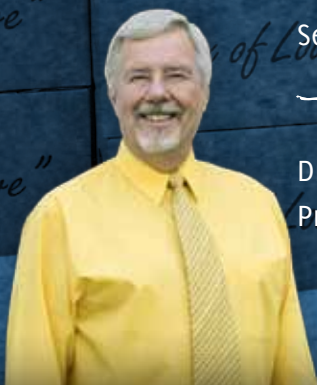

This year, with help from generous people like you, we will collect and distribute "Boxes of Love"... putting them into the hands of thousands of hungry kids and their families here in Southern California. Each family will receive a beautiful, traditional holiday meal of potatoes, rice, pinto beans, corn, green beans, soup, bread, fruit, juice, dessert and more... making this a special holiday season!

"Box of Love" is an opportunity for you to help the hungry and the homeless, the widows and the orphans, the lost and forgotten. Your gift of a complete holiday meal for a family of 6-8 people, wrapped up in a simple cardboard box, will provide a ray of hope and the warm feeling of being loved, something they may have almost forgotten.

Serving others with your help,

Dr. Norman W. Whan

OR DELETIONS!**

Note: Because we add items to the ones you supply, it is important to follow the list of contents very closely. The additional items require all of the space that's left over in the box. Many times more than one family lives at the same location and it's important that the boxes are consistent so one family doesn't feel like they received less than the other.

What would the holidays be like without a traditional family meal?

It just wouldn't be the same without Mom's "special recipes"... would it? For most of us, the holidays let us experience the warmth of family and friends, and cause us to think about our many blessings. Yet, this year, thousands of children and their families face the reality of a different kind of holiday season. For them it's not a time to count blessings...they don't have any to count.

For them...it's just another day to survive.

Please accept this invitation to join the growing army of churches that are dedicated to replacing their pain of survival with the joy of celebration.

Call us and a volunteer will deliver your FREE kit in time for this holiday season.

Canning Hunger supplies all of the printed boxes, menus, and materials. Just decide how many boxes you want to start with and contact us at:
