

Hi Neighbor,

I'm collecting food for the hungry in our area with my church,

_____,
as part of a national program called Canning Hunger.

I'm not selling anything. I'm not asking for money. I am simply collecting nonperishable food items to help hungry kids right here in our community. And I hope you can help.

I'll be stopping by on _____ between _____ and _____ to pick the food up. If you have anything in your pantry you'd like to donate, we will get it to a local food distribution center.

I hope you can help us in the fight against hunger.

Your Neighbor,
